EDUCATION

Dual Major: Bachelor of Arts, Political Science — **August '26**
Bachelor of Science, Applied Mathematics — Cumulative GPA: 3.6
Minor: Computer Science — *University of Pittsburgh*

PROFESSIONAL SKILLS

Programming: Python, R, C#, Java, LaTeX

Data: Excel/VBA, Power BI, Stata, SPSS, MS Office, SQL

AI/Cloud: Azure AI Document Intelligence

Languages: English (fluent), Spanish (conversational)

Digital & Social: Canva, social campaigns, MiniVAN

Research: quantitative methods, policy research

PROFESSIONAL EXPERIENCE

E-Litigation & FOIA Intern | **National Labor Relations Board, DC** — ***Jun '25 – Aug '25***

- Built an Azure AI Document Intelligence pipeline in C# that extracts structured data from FOIA appeal letters to organize appeals by issue, legal basis, and outcome, making prior determinations faster to find and reuse
- Researched and drafted memos, reports, and briefs for staff attorneys on active cases; an investigative report I drafted advanced to the Regional Director
- Compared AI legal research tools (ChatGPT, Gemini, Perplexity, CoCounsel, Harvey) on cost, accuracy, and ethics; my policy memo informed the office's adoption decision
- Handled confidential case materials with discretion

Campaign Intern | **Brookhaven Young Dems, Tom Suozzi, Kim Korman** — **Jun '24 - Aug '24**

- Directed a canvassing team, using MiniVAN to track and reach 140+ households weekly
- Phone banked and canvassed door to door, adapting on the spot with reluctant contacts

AWARDS AND HONORS

Da Vinci Scholar | ***University of Pittsburgh*** — ***Apr '26***
First Overall Presentation | **Undergraduate Research & Creativity Symposium** — **Apr '23 & '26**
Aaron Slafka Memorial Service Award | ***Political Science, Pitt-Greensburg*** — ***Apr '26***
Best Position Paper and Best Delegation | **Model EU, European Studies Center** — **Feb '24, '25 & '26**

LEADERSHIP AND SOCIAL MEDIA

Vice Speaker of the House, **Student Government Association** — **Sept '24–May '26**

- Identified inequities in student government budget allocations and led reforms to standardize funding rules and improve equity across organizations.

President and Social Media Manager, **Pitt-Greensburg Chorale** — **Dec '24–May '26**

- Managed planning, operations, and outreach for the group
- Ran donor relations for a fundraising campaign: identified prospects, coordinated outreach, maintained email lists, and handled thank-you letters
- Created promotional content in Canva that raised event turnout and visibility

President, **Students for a Democratic Society, Pitt-Greensburg** — **Sept '23–May '26**

- Led recruitment, voter registration, and educational forums connecting students with state and local policy debates and built partnerships with advocacy groups to host events.

RESEARCH PROJECTS

Electoral System Simulation (*Senior Research Project)*

- Built a Python voting model running 1,000 Monte Carlo trials to compare three electoral systems; results significant at $p < 0.001$
